

The Tack Shack is a small retail store featuring new and gently used tack and togs at bargain basement prices. The store is located at the Hearts facility on Calle Real near the Sheriff's Station and is normally open on Tuesdays from 2 to 4 p.m. and Saturdays from 12 to 4 p.m.

Hearts receives many nice donations throughout the year. Some of the items can be used for our own wonderful horses and our facility, but most is in very nice condition but surplus to our needs. The Tack Shack was begun in 2009___ as a way to "re-home" these items at very reasonable prices and to use the proceeds to support scholarhips for our riders.

All inventory has been donated and includes small items such as chin straps all the way to English and Western saddles and clothing from boots to jackets. All items have been cleaned and inspected and sold in "as is" condition, although the buyer is responsible for final inspection before purchase. Saddles can be taken on trial with a deposit, but all other articles, including horse blankets and sheets, are non-returnable. If an item doesn't fit, it can be re-donated and a tax-deductible receipt will be given. Details on saddle trials is available at the Tack Shack.

We have listed below the various items that are or have been in inventory. Since items constantly come and go, we can't guarantee any particular article will be available. We've also listed the price range for each item, which depends mostly on condition (some items are new, others obviously used). The best way to see if we have an item in stock is to come by the Tack Shack and browse the shelves!
